Re: Recount Request
Elverta Joint Elementary School District
Measure J General Obligation Bond Election

Dear Mses Nguyen and Startup:

The purpose of this letter is to formally request a manual ballot recount for Measure J, the general obligation bond measure of Elverta Joint Elementary School District (the "District"), as it appeared on the November 5, 2024, ballot.

This request for recount is filed on the fifth day of the 31st day after the election, pursuant to Section 15620(b) of the California Elections Code, on my behalf, as a proponent of Measure J.

I am requesting that this recount be conducted manually. However, on behalf of the District, I would appreciate an estimate of the cost of the recount in advance of your office's commencement of recounting ballots.

At this time, I am not aware of any other relevant material to be examined, but request to keep the option open if other relevant matters present themselves during this recount. Please let me know if there is anything further you need from the District to commence the recount.

A handwritten signature in blue ink, appearing to read "Michael Wells", is written over a horizontal line.

Michael Wells
Superintendent
Elverta Joint Elementary School District
