

APPENDIX G - VOTE CENTER LOCATIONS AND HOURS

All locations are surveyed and rated for usability prior to being selected as a Vote Center for an election. Surveying is an important first step in identifying locations that will best serve voters.

Vote Center Selection Criteria

Ideal Vote Center:

1. Provide a minimum of 30x30 ft secured voting area
2. Provide at least 25 free, off-street parking spaces for voters
3. Provide secured storage for voting equipment
4. Provide restrooms for Vote Center staff
5. Provide air conditioning and heating
6. Voting area is free of other activities while voting is taking place
7. Facility is already well known to the local community
8. Facility use is free
9. Facility is located in a priority area, as determined by the 14 criteria outlined in EC 4005
10. Facility entrance is located within 200 ft of an accessible public transportation stop or hub
11. On a scale of 1 through 5 (1 being poor, 5 being excellent), facility receives a 4 or 5 rating on each of the following:
 - Accessibility
 - Outside Lighting
 - Availability (ease of contact)
 - Interest
 - Location/Visibility
 - Parking

11 Day Location Selection (next step):

1. Evaluate inventory of available locations
2. Map out available locations. Map includes:
 - a. Pentamyriads (groupings of 50,000 voters)
 - b. 14 criteria layers, including public transportation stops
 - c. Ratings
 - d. Location ID
3. Look at available locations, ratings in each pentamyriad to ensure the sites are "equitably distributed"
4. Review paperwork for each potential site
 - a. Accessibility Review Form
 - b. Vote Center Survey Form
5. Select minimum of one location per pentamyriad and confirm use with 11 Day Facility Use Agreement

APPENDIX G - VOTE CENTER LOCATIONS AND HOURS

Accessibility Ratings (based on Polling Place Accessibility Checklist):

1. Polling Place/Vote Center has multiple accessibility concerns that cannot be mitigated and exceed “de minimus departures”
2. Polling Place/Vote Center has a major accessibility concern that cannot be mitigated; or one or two concerns just about the standard of “de minimus departures”
3. Polling Place/Vote Center has minor accessibility concerns that cannot be mitigated. This includes slopes/cross slopes a few tenths of a percentage point above standard or fall under the “de minimus departures”. All sites are automatically rated a 3 if there is no designated pedestrian access from property line.

As long as there at least one accessible path of travel, a location may receive a “3” rating depending on other barriers.

4. Polling Place/Vote Center has accessibility concerns that can be mitigated. Has “no” on checklists but these items can be mitigated. This includes adding signage, propping the door open, or using cones as detectable barriers. If the site has a property line POT, even if it is not accessible (excessive slope), it could possibly still be a “4” as long as the other POT (from ISA parking) is perfectly accessible.
5. Polling Place has no accessibility concerns; everything on the checklist is “yes”, including property line POT.

“De minimus departures” are allowances outside the state accessibility standards agreed upon between our department and the Sacramento County Disability Advisory Committee.

Parking Ratings

0. On-street parking only
1. Less than 10 spaces
2. 10-25
3. 26-50
4. 51-75
5. > 75

SACRAMENTO COUNTY ELECTION ADMINISTRATION PLAN NOVEMBER 2020

APPENDIX G - VOTE CENTER LOCATIONS AND HOURS

Vote Center Locations and Hours

Vote Center selection is an on-going process. The table below will be updated as locations are confirmed for use as a Vote Center. This list will also be included in the County Voter Information Guide and will be available on the Election's website.

Note: All Vote Centers will be open on Election Day from 7 a.m. to 8 p.m. in addition to the days and hours listed in the following tables.

All Vote Centers are confirmed for the November 3, 2020 General Election.
