Note To File – Precinct 43516

Precinct 43516 required a replacement scanner after the polls opened for voting on Election Day.

Following procedures in the ESS California Use Procedures, the ballots from this precinct were manually tallied as well as recounted on an M100 during the canvass of the vote.

The M100 count did not match the manual tally. In order to determine the reason for the discrepancy, a visual inspection of the ballots was undertaken to verify the readability of each ballot.

One of the ballots had tread marks along one column which caused the contest in that area to be unreadable. This ballot was duplicated as specified by California Elections Code and the precinct was recounted on the M100. The results of this recount match the manual tally.

The results will be updated in the main election results file. The order of the winning candidates for this contest did not change.
